TWO LADIES GET HUNTING LICENSES IN LINCOLN

Bird Law Expires Today and Over 200 Sportmen's Permits Have Been Granted

The law against the killing of quail, rabbits etc., expired on Thursday night at 12 o'clock. Under a recent act of the Legislature every man who desires to hunt must take out with the county clerk a hunter's license. Any one caught in the field without this license shall, under the act, be adjudged a violator of the law and is subject to a fine of \$100.

Lincoln county boasts two hunters of the gentler sex, Mrs. E. D. Bads, and Mrs. Margaret Tate.

Courtesy Clerk Cooper has issued 200 licenses up to date. Following is a list of them: H. H. Ripley, H. L. Singleton, W. M. Compton, J. C. McGee, E. L. Reinhart, Edward Lay, J. A. Hays, D. M. Who Can Beat this Colt?

J. Thos. Dudderer, who lives on the Somerset pike about five miles from town, is the owner of a draft colt which for rapid growth and size eclipses anything in the equine line we have heard of. At foaling time the colt was very large and when it was two days old her owner put her on the scales and found that she weighed 185 pounds. At 25 days she weighed 270 pounds, and when she was 84 days old weighed 495 pounds. The filly is now 5 months old, is 13 hands 13 1/2 inches high and pulls the scale at 595 pounds. Last July Mr. Dudderer showed her at the Stanford fair in the ring for draft mares any age. The youngest mare in the ring was 3 years old, but notwithstanding this handicap the Dudderer colt carried off second honors, defeating a field of good ones. This young giantess is by M. S. Boughman's George Herr and out of a good sized draft mare. Her owner believes she will eventually be the largest mare in this section of the state.

Lincoln Sends a Tree

Judge James P. Bailey shipped to Frankfort yesterday a healthy saski berry tree, which is Lincoln county's contribution to Arbor Day at the State Capital. It was planted Wednesday on the capitol grounds along with a tree from every county in the state. Gov. McCrory delivered an address on the occasion, urging all citizens to observe and to keep in mind the importance of Arbor Day and thereby help preserve the magnificence of Kentucky for which she has been so famous, and which are now becoming almost extinct.

Good News From Washington

News has been received from Davyport, Washington, that C. C. Leete of that city who married Miss Margaret Livingston, daughter of Rev. J. G. Livingston of this county won the race for County Auditor of Lincoln county, Washington at the recent election. He ran as the democratic nominee, and having a splendid record as deputy auditor for a number of years and being very popular personally, won over his republican opponent by 800 majority and the entire democratic ticket also won.

Alfred Eads Buys Nice Farm

Alfred C. Eads, of this place has bought of Adolph Vontinen, his farm of 60 acres, lying near Turnersville on the Hustonville and Stanford turnpike, for \$4,000. Mr. Eads gets immediate possession and will at once begin the erection of a nice cottage and all necessary outbuildings. The land lies well and is said to be very fertile. The site on which Mr. Eads will build his home is a model one and when completed it will be a very attractive place.

5 and 10 Cent Store for Stanford

I have sold my interest in the dry goods establishment of Hughes, Martin & Co., and desire to thank my friends for their patronage while a member of the firm. On December 1st, I will open in the store next to the Stanford Drug Co., a complete 5 and 10 cent store, and will be thankful for a continuance of patronage. I will have a complete line of Xmas goods, ranging in price from 25¢ to \$1.50. Give me a call, T. W. Huldie.

Essie Wright has made a new addition to his store room.

P. D. Green has again opened a blacksmith shop and store in our midst.

Turley—Bruce.

General News Notes

A young anarchist shot and killed Camilo, the prime minister of Spain.

President Taft has intimated to friends that he would like to enter President-elect and Mrs. Wilson at the home of the bride in a ceremony said by the Rev. Barnes. Only a few intimate friends and relatives of the contracting parties were present, among them being Mr. and Mrs. John S. Boughman, of this place brother-in-law and sister of the groom. Mr. Bruce is one of the foremost and most extensive farmers of Lincoln county, owning and successfully managing a large tract of land on the north of Stanford, and is an excellent gentleman. He is the only son of Mr. and Mrs. J. E. Bruce and has many friends who extend their best wishes to him and his bride. Mrs. Bruce is a daughter of the late Green Turley who was one of the wealthiest and largest land holders of Madison county, and is an accomplished and attractive young woman. After the ceremony the happy couple left for an extensive bridal tour. They will return to Stanford soon, where they will be the guests for a short while of Mr. and Mrs. John S. Boughman, after which they will go to housekeeping and the best wishes of their many friends.

Logsdon—Hanklin.

The marriage of Miss Willie Henton Logsdon and Mr. LaMont Hanklin of Danville, was solemnized at the residence of Dr. C. C. Cook, in Danville last week. They were accompanied by Mr. and Mrs. W. C. Surber, uncle and aunt of the bride and Miss Georgia Wells, an intimate friend of both. The bride has resided with Mr. and Mrs. Surber from her early childhood. She is a most beauteous young lady, of sunny temperament and universally popular. The groom is a son of the late Mr. J. Henry Hanklin. His mother was Miss Mary E. Brown, daughter of the late Dr. W. A. Brown. He is an exceedingly fine young man, holding a responsible position with the Q. & C. in Danville, having only recently received a substantial promotion. Immediately after the ceremony, the happy couple left for Ashville, N. C. and other Southern points.

Eads—Carter

James H. Carter, Jr., of Hall's Gap, secured license here Thursday to wed Miss Lola Eads, the pretty daughter of Thomas Eads, of Highland. The wedding occurred at the home of the bride's parents last evening and a large number of friends responded to the invitation to be present on the happy occasion. Mr. Carter is an energetic young farmer and has bought property near his father's home, where he and his bride will go at once to housekeeping amid the best wishes from their many friends for a long and happy life.

Great Sport at Crab Orchard

The fox hunters are having great sport at Crab Orchard, and Col. Willis is giving them royal entertainment at the Springs. The latter part of the week is being devoted to the Derby for puppies. In the bench show Wednesday, W. J. Lovell, of Camp Nelson, did the judging in both the challenge cup and championship classes. Both were won by the hounds belonging to General Roger Williams, of Lexington. These events were won by the same hounds last year.

Men's Shoes

The best is always the cheapest tho sometimes when buying they look high. The best sometimes disappoints us, but the cheap ones will fool you most every time. If you feel you must skimp a little, take it out of your clothes or underwear, but never out of your shoes. Buy the very best every time for your feet. We decided two years ago to buy every time the very best things possible for the feet. We are today showing, both in leather and rubber goods, the best quality of shoes made in the world. We mean this--every word of it, and we declare to you that a man's fine shoe to retail at **\$3.50, \$4, \$5 and \$6**, are the **Walkovers and Nettletons**. If there is a work shoe from \$3.50 to \$7 that will wear longer, stay softer and nearer dry than **Menzies**, we don't know it. These Menzies people call their boys' shoes, "American Boy" they are the same high class wear resisters as the men's. They cost you **\$2, \$2.50, \$3 and \$3.50** in boys; we have all these new. You will have to have them when it rains.

From reports which are coming to the Interior Journal Lincoln county democrats are practically solid for the nomination of Beckham for senator next year. Prominent men of the party who were never for him before are strong for him this time. Every democrat who loves fair play is bound to admit that the party owes him this nomination, and that it is up to the democracy to make amends for the treachery in the legislature which elected Bradley. The I. J. wants to know how every democrat in the county stands on this matter. No democrat who believes in a square deal and fair play to the party's nominees can afford to take any other position than that the party must retrieve the dishonor cast upon it when its nominee was beaten by traitors in its ranks. It won't do to trust any democrat with office or honor who holds any other position.

The shattering of the Turkish empire by the Balkan Alliance marks an important epoch in the world-wide conflict between Christianity and Infidelity. The whole of Europe may now be said to be under Christian sovereignty. The hope of the missionaries "the World for Christ" is being fulfilled by force of arms just now as well as by moral suasion

Eubanks. Mrs. E. S. Hays has returned to her home here from an extended visit to her parents in Louisville.

Dr. T. J. Acton was in Louisville from Monday until Thursday of last week attending the meeting of the State Medical Society.

Dwight McDonald is rapidly recovering from a lingering illness of typhoid fever.

Harlan Newell is able to sit up in his room all day after being confined to his bed for three months.

Gov. Wilson and Judge Smith carried Eubank voting precinct by a large majority, as predicted several weeks before the election.

Col. Finecum, who resided near Buncombe, aged 70 years, departed this life November 4, of Bright's disease. He served as Colonel in the Union Army during the Civil War. He was one of the most highly respected citizens of the county and was wealthy. The friends and relatives here have the sympathy of the entire community in their sad bereavement.

Nature's Way Is The Best.

Buried deep in our American forest we find Bloodroot, queen's root, man- drake and stone root, golden seal, Oregon grape root and cherrybark. Of these Dr. R. V. Pierce made a pure glycerine extract which has been favorably known for over forty years. He called it "Golden Medical Discovery."

This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder tonic you require when recovering from a hard cold, grip, or pneumonia. No matter how severe the constitution the stomach is apt to be "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery tones up the stomach—put it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body. The weak, nervous, run-down, debilitated condition which so many people experience at this time of the year is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin; the face becomes thin—you feel "blue."

"More than a week ago I was suffering with an awful cold in my head, throat, breast, and body," writes Mr. JAMES G. KENT, of 510 L. Street, S. E., Washington, D. C. "Some called it La Grippe, some pneumonia. I was advised by a friend to try a bottle of your "Golden Medical Discovery." I tried a bottle and it did me so much good that I sat in saying it is the greatest and best medicine that I ever took. My health is much better than it was before using your medicine. It does all you claim for it and is satisfactory."

I tried a bottle and it did me so much good that I sat in saying it is the greatest and best medicine that I ever took. My health is much better than it was before using your medicine. It does all you claim for it and is satisfactory."

SCHOOL CHILDREN

should have rich, red blood and sturdy, healthy bodies to withstand cold rains, changing seasons and winter storms.

If your child is weary when rising—lacks energy and ambition—has no appetite or possibly sallow skin or a pinched face—it is for want of vital body-nourishment; this growing period demands special, concentrated, easily digested food for body-development—mental strain—physical changes.

Scott's Emulsion is the greatest body-builder known—it is nature's wholesome strength-maker—without alcohol or stimulant—makes rosy cheeks, active blood, sturdy frames and sound bodies.

But you must have **SCOTT'S**.

For Sale.—House and two acres of land, 4 1/2 miles from Stanford on Hustonville pike. 5-room house; good barn and other outbuildings; ever lasting spring on place; fruit trees and fine garden. G. E. Lutes, Stanford.

79-8.

"There is, perhaps, no other important factor connected with beef production that is as often disregarded as that of the selection of bulls to head the herds of grade cows which are produced the feeding cattle of the country. It is still true that the "bull is half the herd," and he may be more than the herd if he is a choice individual backed up by good ancestry. A brief discussion of the importance of using great discretion in the selection of a sire should tend to a more native demand for the better grades of registered bulls. In the first place, the writer wishes to go on record as saying that the breeder of feeding cattle, whether he fattens them himself or sells them to cattle feeders, cannot afford to use a common bull of indiscriminate breeding. There can be no doubt about that. Feeding cattle that are well bred and possess quality enough to weigh one thousand pounds or better at two years old are worth all the way from \$40 to \$50 per head, depending upon their individual quality and condition. Such feeding cattle can be produced from grade beef cows mated with choice beef bulls. Common and inferior cattle that are produced from common cows and grade or scrub bulls frequently attain a weight of three or more years before they reach one thousand pounds in weight. Such feeders at such an age and weight are worth from \$27 to \$30. The lesson should be plain that it does not pay to use an inferior bull that sires the steer that pays the owner but nine dollars per year for his keep as against the one that pays twenty-two dollars to twenty-five dollars per year. It may be claimed that the fault is not altogether with the bull. We grant that. But suppose the cows are the same in either case, the well bred bull will produce feeding cattle which will grade at least two grades higher than the feeding cattle produced by the mediocre bull.

"There is usually about thirty-five cents per hundred weight difference in price between one grade of feeding cattle and the next higher grade. If the well bred bull raises the grade of his offspring two grades he adds to the value of each animal he sires seventy cents per hundred weight or to the one thousand pound steer seven dollars. Properly cared for, a bull should sire from forty to fifty calves per year. For sake of argument, suppose we say he sires forty. If he should increase the value of each of his offspring but five dollars, a very conservative estimate, he earns at the least \$200 with his first crop of calves. It is

nothing to say that as compared with the use of an inferior bull the registered beef bull pays for himself the first year."—Herbert W. Mumford, Chief Division of Animal Husbandry, University of Illinois.

Public Sale!

...ON...

November 23, 1912
at 2 o'clock P. M.,
in Hustonville, Ky.

We will offer for sale at public auction, our Flour Mill and Electric plant, on the following terms: One-third cash and balance in one and two years. Date of possession given on day of sale.

This mill is equipped with the best machinery on the market, and is putting out flour second to none; and is a paying investment. It is not a dead one when it comes to making money.

The Light plant is a new installation, consisting of a Wiley Generator, complete switchboard, and a storage battery; and one of the latest wrinkles in electricity. IT IS MAKING MONEY NOW, and has only been in operation about 90 days.

The purchaser of this property will get a bargain, regardless of the price, as it is not often that property of the money-making type is placed on the market and sold to the highest bidder.

The reason for selling, is to make a complete settlement of the D. M. Lipp's estate, there being several heirs and most of them are located out of the state, and a complete settlement cannot be made until this property is sold.

The highest bidder will get this valuable property, as it will be sold absolutely without by-bid or reserve.

This mill is surrounded by one of the best farming sections in Kentucky, and produces wheat and corn sufficient to operate this mill twelve months in the year.

Hustonville is a desirable place in which to live: Good citizens, good schools, and everything to make it a desirable location for the mill. Don't forget the date.

W. D. Nave and R. A. Lipp, Mgrs.
